

St Leonard's C.E First School & Nursery

Risk assessment for safe working in education during the Coronavirus outbreak.
March 2021 update following the national lockdown announced 4th January 2021.

Assessors: Mrs TA Parton
Date of completion: March 2021

Useful contact information:

DFE COVID-19 - Educational advice line - 0800 046 8687 (option 1)

Staffordshire County Council Health and Safety Service - [01785 355777](tel:01785355777)

Public Health England - 0344 225 3560

NHS - 111

If you need to report a positive case or suspected case of Covid-19 in your setting please use the online form <https://apps2.staffordshire.gov.uk/WEB/TestTrace/> OR email using the following link: C19LocalOutbreakControl@staffordshire.gov.uk

To speak to the Education and Early Years - Local Outbreak Response Team about your above reports please email C19LOC.education@staffordshire.gov.uk - this e-mail account is monitored 8am – 8pm Monday to Friday and 10am – 4pm at the weekends. (Please use this as priority method of contact).

The LOC Team can be contacted on 01785 854004. This line allows you to leave a message and the voicemail provides an out of hours mobile number.

How to wear a face covering

What are the hazards?	Who might be harmed?	What are you already doing? List the control measures already in place	Academy Specific Control Measures	Risk Rating (H/M/L)	What further action, if any, is necessary, if so what action is to be taken by whom and by when?
1. System of Controls					
1.1 Exposure to C19 – non adherence to the system of controls – hand and respiratory hygiene	Staff Pupils Visitors	<ul style="list-style-type: none">• All staff are aware of government guidance surrounding maintaining hand and respiratory hygiene and have ease of access to such guidance (as part of the hands, face, space guidance) C19 is an easy virus to remove when it is on the skin including the new variant. This can be done with soap and running water or hand sanitiser.• Staff teach and remind pupils regarding maintaining good hygiene standard such as regular hand washing (with soap and water for at least 20 seconds), not touching mouth/nose/eyes, using and disposing of tissues appropriately.• Pupils are supervised by staff when washing their hands, where necessary.	Emails are shared, read and responded to. Only 4 members of staff permitted to sit in the staffroom at any one time.		

- Staff and pupils regularly reminded of the importance of handwashing with soap and water and sanitising where there is no ease of access to soap & water, including:
- Before leaving home
- On arrival at the academy
- After using the toilet
- After breaks and sporting activities
- Before food preparation and before eating food, including snacks
- Before leaving the academy
- Before and after activities such as forest school, catering lessons and science lessons
- After coughing / sneezing
- When they change rooms
- Posters are displayed around prominent areas of the building, including those which are in most regular use such as toilets and kitchenettes.
- Parents informed about the use of sanitiser in the academy and to advise of any concerns in relation to this.
- Staff and pupils are regularly reminded of the importance of using tissues and covering their face when sneezing / coughing (but not with their hands). 'Catch it, bin it, kill it' guidance is followed.
- [E-bug](#) resources are available for use.
- Tissues are available in each room, disposed of in a lined and lidded bin, which is emptied at least daily.
- Lidded bins are located in each room and are either operated by a pedal or regularly sanitised. Staff to report issues with waste clearance to [SLT / Hi-Spec](#)
- Academy risk assessments and procedures are accessible to all staff at all times and are located [on our school website](#)
- Rules and routines have been communicated to pupils and parents/carers, including alterations to the behaviour policies and procedures.

Face coverings to be used in communal areas unless eating or drinking.

- | | | | | |
|--|---|--|--|--|
| | <ul style="list-style-type: none">• Children who are younger or who have more complex needs are supervised and supported with hand and respiratory hygiene. Songs used to help pupils if needed.• Children with complex needs who struggle to maintain as good respiratory hygiene as their peers have are considered and supported in individual risk assessments.• Monitoring will take place by designated members of staff, to support compliance with the control measures.• New staff are inducted to safety measures implemented by the academy to control the risks of COVID-19.• Staff and children are regularly reminded about the importance of adhering to infection control procedures and risk assessments and are provided with regular opportunities to support effective hand hygiene (washing / sanitiser).• Staff support children to understand the distancing and hygiene rules in a way that is suitable for each individual. | | | |
|--|---|--|--|--|

1.2 Exposure to C19 – non adherence to the system of controls – social distancing and the use of shared spaces and resources

Staff
Pupils
Visitors

Social distancing:

- Staff and pupils to observe social distancing measures from each other when in school and avoid any physical contact, as far as is reasonably practicable.
- Children mix in consistent groups “bubbles.”
- Each group is kept apart from other groups where possible and older children are encouraged to keep their distance within groups
- Social distancing is based on:
 - children’s ability to distance
 - the lay out of the school
 - the feasibility of keeping distinct groups separate while offering a broad curriculum
- Where staff need to move between classes and/or year groups, they should try and keep their distance from pupils and other staff as much as they can, at 2 metres.
- The academy is taking practical measures to minimise the number of contact that pupils and staff have during the school day and close contact is avoided between these groups.
- Staff minimise contact and maintain 2 metre distance from each other, and from children where circumstances allow. (depending on the age and needs of the child) Avoid close face to face contact and minimise time spent within 1 metre of anyone.
- Children who are old enough are supported to maintain distance, not touch staff and peers.
- Sharing rooms and social spaces between groups is limited as much as possible. Where rooms and social spaces are shared between groups, they are cleaned thoroughly between uses.
- Pupils will be seated side by side and facing forwards, rather than face to face, unnecessary furniture will be moved out of classrooms to make more space.
- The use of soft furnishing is avoided as far as possible
- Work spaces are arranged so that desks are as far apart as possible.
- Children are encouraged to keep their distance within groups.
- Assemblies and collective worship are not undertaken with more than one group at one time. Remote sessions are provided.

Playtimes – groups to be kept apart
On the playground in Zones

Lunchtime – groups to be kept apart
Hedgehogs & Owls – 12-12:30 in hall then playground
Foxes at 12:15pm then lunch in the hall at 12:30
Sandwiches will be in Class Owls

		<ul style="list-style-type: none"> ○ The academy has timetabled classes and break times in a staggered fashion to help keep groups apart and minimise movement around the building and grounds, to avoid crowding and creating busy shared areas such as corridors. <p>Resources</p> <ul style="list-style-type: none"> ○ Each group has equipment for their classroom and for break time. Children have basic resources (e.g. pen, pencil) which are named for their use. Resources are kept in labelled containers. ○ Pupils limit the amount of equipment they bring into school each day, to essentials such as lunch boxes, hats, coats, books, stationery, mobile phones. Bags are allowed. ○ Taking resources home is limited only to what is strictly necessary. Cleaning / quarantine regimes will apply to these resources. ○ Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Similar rules on hand cleaning, cleaning of the resources and rotation apply to these resources. ○ Classroom based resources, such as books and games, can be used and shared within the bubble; these are cleaned regularly, along with all frequently touched surfaces. ○ Play with sand and water, playdough and shaving foam should be avoided. ○ Resources that are shared between classes or bubbles, such as sports, art and science equipment are cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles. ○ Devices disinfected before and after use. Children allocated one computer/laptop and/or tablet and they will continue to use only their own device as far as reasonably practicable. Where this is not practicable, the device will be fully disinfected before and after use. ○ Any shared surfaces will be disinfected before and after use. ○ Where play equipment is used by multiple groups, the groups do not use it simultaneously. 	<p>Reverend Sue provides weekly online worship</p> <p>Reading books sent in from home are quarantined in entrance hall for 72 hours</p> <p>Early Years please note – ensure children only play with their own named tub of playdough</p> <p>Leonards house out of bounds</p>		
--	--	---	--	--	--

		<ul style="list-style-type: none"> ○ Children encouraged not to put resources in their mouths and are supervised according to the planned timetable. ○ Children taught expectations about sneezing, coughing and touching, mouth, nose and eyes. ○ Drinking fountains taken out of use. Water dispensers in use but regularly sanitised in between uses. ○ Outdoor learning will be prioritised as much as possible. The timetable is refreshed to ensure that learning outdoors can be maximised. ○ Outdoor playground equipment is more frequently cleaned. This also applies to resources used inside and outside by wraparound care providers. Multiple groups do not use it simultaneously. ○ The academy thoroughly cleans equipment used in the delivery of therapies, for example sensory equipment. If the equipment can't be cleaned and disinfected between each use before it is put back into general use it will either <ul style="list-style-type: none"> ○ Be restricted to one user ○ Left unused for a period of 48 hours (72 for plastics) between use by different individuals <p>Shared areas</p> <ul style="list-style-type: none"> ○ Movement around the school site is kept to a minimum. The academy avoids creating busy corridors, entrances and exits. ○ Assemblies (where held), break times and lunchtimes are staggered to ensure that children are not moving around the building at the same time. ○ Circulations and other indoor areas which are 'pinch points' for potential close contact/gathering such as toilets, to be marked to aid social distancing. One way systems and signage are used where practical. ○ Rooms are accessed directly from outside where possible. ○ At break times, children clean their hands before eating and enter the dining space in their groups. ○ Dining facilities are cleaned between each staggered break. 			
--	--	--	--	--	--

		<ul style="list-style-type: none">○ Shared areas are cleaned after each use; the academy timetable permits sufficient cleaning before the changeover between groups.○ The number of children or young people who use the toilet facilities at one time is limited. A queue system is used with staff supervision.○ Sanitising agents are kept in each room to ensure that cleaning can take place if a pupil coughs or sneezes on any surfaces or equipment.○ Office team to maintain working consistently at a desk as far as possible and limit hot-desking and the sharing of mice / keyboards / phones.○ Wash hands after receiving / opening parcels and post.○ Wipe desk, mouse, keyboard and phone regularly, with suitable antibacterial agents, and before and after sharing○ Wipe photocopier throughout the day, with suitable antibacterial agents.○ Perspex screen installed in key areas of the academy, e.g. reception, main office, where social distancing could be difficult to maintain.○ iPad signing in / out system is cleaned on a regular basis, throughout the day. Hand sanitisation prior to use.○ Consideration given to deliveries. Deliveries may be dropped off in academy entrances without accessing the main body of the building (as long as a staff member can accept a delivery and subsequently bring this inside). Delivered to source where it is safe and possible to do so, where there is a significant risk of injuries associated with manual handling.○ Shared staff spaces are set up and used to help staff to distance from each other. Use of staff rooms should be minimised, although staff must still have a break of a reasonable length during the day.○ Staff have staggered lunch breaks / take lunch breaks in designated areas to minimise crowding in the staff room.			
--	--	---	--	--	--

		<ul style="list-style-type: none"> ○ White goods in the staff room are regularly sanitised. ○ Staff maintain social distancing in the staff room and avoid overcrowding. ○ Face masks are worn in communal areas ○ The staff room is ventilated whilst in use. ○ Staff shared areas and touch points such as handles, white goods, toilet facilities are cleaned throughout the day to regular frequencies. ○ Documentation should, where possible, be sent to colleagues via email. ○ Individuals should wash their hands before and after use of welfare facilities. Door handles will be regularly cleaned. ○ Where meetings are necessary, social distancing rules apply and are to be facilitated where there is sufficient space to do so, this may be outdoors but if indoors must be in well-ventilated rooms. Virtual meetings are promoted and used as far as possible. ○ Staff encouraged to bring their own food which does not require any preparation or heating in communal facilities. ○ Where used, communal facilities such as a microwave are subject to effective cleaning after each use. ○ Remove all communal tea towels, shared equipment and cutlery and provide paper towels. ○ No cash on the premises. All payments made by parentpay. ○ There is currently reduced occupation of the building whereby a blended approach to learning is being undertaken. Those children attending school include: <ul style="list-style-type: none"> ○ Vulnerable children ○ Children of key workers ○ Children attending nursery / early years settings ○ Staff work from home if possible 	<p>Cutlery is not shared and posters displayed to remind staff of hygiene</p>		
<p>1.3 Exposure to C19 – non adherence to the system of</p>	<p>Staff Pupils Visitors</p>	<p>Example control measures may include:</p> <ul style="list-style-type: none"> ● All areas that house soap/hand towels/sanitiser are inspected regularly to ensure stocks are sufficient. Orders are placed on a regular basis to ensure that stocks do not run out. 	<p>Hi-Spec responsibility, problems to be reported to Mandy Smith or Tracey Parton</p>		

<p>controls – infection control standards and cleaning</p> <p>Risks of using hazardous substances – allergic reaction, indigestion, inhalation, skin contact causes illness</p>		<ul style="list-style-type: none"> • Sufficient amounts of soap (or hand sanitiser where applicable), clean water and paper towels are in stock. • Defects with soap and hand sanitiser dispensers are reported as soon as possible for repair / replacement. • Bar soap is not used, nor are non-disposable hand towels. • Soap and water available in every toilet and every facility which is used for making food / drinks. • As far as possible, soap and water available locally to areas in use within the academy. In the absence of immediately accessible soap and water, hand sanitiser is available. • Hand sanitisers which are potentially flammable are used and stored appropriately in accordance with the material safety data sheets and COSHH. • Cleaning is undertaken by the contracted cleaning company / in house cleaning team daily, to specific standards for maintaining COVID-19 secure workplaces under the academy's enhanced cleaning programme. • Cleaning products are provided in classrooms and offices to ensure on the spot cleaning can be provide as required. • All areas that house cleaning products purchased by the academy are checked regularly and stocks ordered before they run out. • Staff report low cleaning stocks to Mandy Smith / Tracey Parton • All cleaning items are single use. • Items that have been used to clean such as wipes and mop heads must be placed in a double lined and lidded bin, which is disposed of daily. • Specific cleaning risk assessments and specifications are in place for this activity, as supplied by the academy (for in house cleaning) / the contractor (for contracted cleaning). • The COVID-19 cleaning in non-healthcare settings outside the home guidance is followed. 			
---	--	---	--	--	--

		<ul style="list-style-type: none">• Children using sanitiser to be supervised and any spillages to be signed (where appropriate) and cleaned.• COSHH is kept on file for the use of hand sanitisers, soaps and other cleaning materials. This is shared with staff.• Classrooms are to be kept clean and tidy, cleanliness is monitored by staff using each room and concerns must be reported to Mandy Smith / Tracey Parton• All touch points and shared areas such as toilets and staff rooms will be thoroughly cleaned at the end of each day, with cleaning in the interim during the school day, using anti-bacterial agents / detergents.• The cleaning schedule ensures more frequent cleaning of rooms / shared areas used by different groups, regular cleaning of surfaces that are frequently touched, toilets cleaned regularly and pupils are encouraged to clean their hands thoroughly after using the toilets.• The academy will be deep cleaned during holiday periods and following positive cases confirmed as present in the academy setting.• PPE is provided for cleaning.• Cleaning surfaces are sanitised following coughs / sneezes and hands are washed for 20 seconds.• Staff report low stocks of products and PPE to Mandy Smith / Tracey PartonTRa will arrange re-stocking of the items.• Gloves are disposed of following each use and are changed between cleaning areas e.g. gloves are changed after cleaning toilet areas and before moving onto another area of the academy building.• Contracted cleaning providers have their own risk assessments for cleaning in school settings which are communicated with cleaning staff and the academy.• In house cleaning has a specific risk assessment for cleaning, adapted for specific arrangements for COVID-19, which is communicated with cleaning staff.• Government guidance states that all surfaces that a case, or suspected case of COVID-19 has come into contact with, or has			
--	--	--	--	--	--

		<p>potentially come into contact with must be cleaned thoroughly using disposable cloths or paper roll and disposable mop heads and detergents/disinfectants as detailed in their guidance for cleaning non healthcare settings.</p> <ul style="list-style-type: none"> • Cleaning staff use colour code system when using cleaning materials to avoid cross contamination. • Cleaning materials used where there is known to be a case of COVID-19 will be disposed of in accordance with the waste section of this risk assessment. • Cleaning equipment for different areas must be stored separately to avoid cross contamination (e.g. toilets and kitchen). • Staff cover all new and existing cuts / skin breakages with waterproof dressings prior to cleaning, and wear PPE. • Cleaning specification to be adapted to address higher risk areas to a greater depth and frequency during periods of infection outbreak e.g. touch points. • Staff clean key areas of the building throughout the day such as touch points. PPE is provided. • Avoid creating splashing and spray when cleaning. Use dispensers which help staff to avoid this. • When items cannot be cleaned or laundered using detergents e.g. soft items, these should be steam cleaned or disposed of. • Government guidance regarding cleaning to be followed - https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings • Academy staff should not be using contractor equipment and visa-versa. <p>Cleaning C19 contaminated areas</p> <ul style="list-style-type: none"> • Contract cleaning providers to undertake a deep clean of the academy setting / affected area. Deep clean the affected area with disinfectant / bleach after someone with symptoms has left. (Sign the affected area as out of use to permit deep clean). • Cleaning risk assessments must be followed for decontaminating contaminated areas 			
--	--	--	--	--	--

		<ul style="list-style-type: none"> • Ensure that affected areas are not accessed by staff or children. • Items which cannot be adequately cleaned (such as soft resources that the potentially infected person comes into contact with) to be appropriately disposed of. <p>COSHH</p> <ul style="list-style-type: none"> • Increased cleaning will be taking place during this period and academy cleaners, contractors and catering staff have a COSHH assessment and MSDS in place for any cleaning substances/ substances hazardous to health in use. • Any new substances brought to site must be risk assessed, this requires a Material Safety Data Sheet (SDS) to be obtained and a risk assessment of the use of the substance to be carried out, • Staff undertaking some cleaning (e.g. their own workspaces for example) therefore a COSHH assessment for substances used is in place and communication of the control measures in a COSHH assessment must be given to all staff using the substances. • Individual staff may also wish to bring substances to school to clean their personal belongings. In this situation, if academy leaders permit these substances to be brought to site, all good practice and usual arrangements must apply, and permission granted for their use once a COSHH assessment has taken place. • Some pupils may wish to have their own hand sanitiser with them for personal use. This may be beneficial for pupils with allergies etc. The academy policy on this is clearly communicated to parents. Pupils should be self-sufficient in being able to use and apply these safely. 			
<p>1.4 Exposure to C19 – non adherence to the system of controls – use of PPE and face masks/coverings</p>	<p>Staff Pupils Visitors</p>	<ul style="list-style-type: none"> • The academy ensures a stock of PPE is in place, should this be required. PPE is located in every room for ease of access by staff. • Those wearing PPE receive training in how to put the PPE on and also remove it safely - link / donning and doffing video / putting on PPE poster / taking off PPE poster / routine decontamination of re-usable equipment 	<p>E.g. Academies may provide further detail regarding their use of PPE and policy on face coverings</p>		

		<ul style="list-style-type: none">• Consideration is given to staff and pupil clothing expectations and information shared with staff to ensure clothes worn are easily washable and are advised to wash clothes regularly. <p>Face Coverings</p> <ul style="list-style-type: none">• Where recommended, face coverings are used.• Visitors are informed of when they must wear a face covering• Face coverings worn by adults and children In year 7 and above when moving around the premises, outside of classrooms or activity rooms, such as in corridors and communal areas where social distancing cannot easily be maintained. Face coverings should also be worn in classrooms and during activities unless social distancing can be maintained (apart from situations where wearing a face covering would impact on the ability to take part in exercise or strenuous activity, for example in PE lessons)• Face coverings are worn by pupils in year 7 and above when travelling on dedicated school transport.• In primary schools, face coverings are worn by staff and adult visitors in situations where social distancing between adults is not possible (for example, when moving around in corridors and communal areas)• Face visors or shields are not worn as an alternative to face coverings• Primary schools have the discretion to recommend the use of face coverings for adults on site, for both staff and visitors, this is implemented in situations where social distancing between adults is not possible (for example when moving around in corridors and communal areas).• Some individuals are exempt from wearing face coverings and the academy implements its' PPE policy in accordance with this exemption.• Guidance is provided on the use of face coverings in education - https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education.			
--	--	--	--	--	--

- There is a process in place for removing face coverings individuals are instructed not to touch the front of their face covering whilst in use or when removing them. They must dispose of temporary face coverings after use in a covered bin (not recycling bin)
- Hands are washed thoroughly after removing face coverings
- Reusable face coverings which are in use throughout the day are 'donned and doffed' in accordance with guidance and stored in a sealable bag when not in use

Face masks must:

- cover both nose and mouth
- not be allowed to dangle around the neck
- not be touched once put on, except when carefully removed before disposal
- be changed when they become moist or damaged

be worn once and then discarded - hands must be cleaned after disposal

Reference to PPE means:

- fluid-resistant surgical face masks (also known as Type IIR)
- disposable gloves
- disposable plastic aprons
- eye protection (for example a face visor or goggles)

The PPE that should be used in the following situations when caring for someone with symptoms of coronavirus (COVID-19) is:

- a face mask should be worn if a distance of 2 metres cannot be maintained

		<ul style="list-style-type: none"> • if contact is necessary, then gloves, an apron and a face mask should be worn • eye protection if a risk assessment determines that there is a risk of fluids entering the eye, for example, from coughing, spitting or vomiting <p>When PPE is used, it is essential that it is used properly. This includes scrupulous hand hygiene and following guidance on how to put PPE on and take it off safely in order to reduce self-contamination.</p>			
1.5 Exposure to C19 – non adherence to the system of controls – use of ventilation	Staff Pupils Visitors	Ventilation <ul style="list-style-type: none"> • Indoor work spaces are well ventilated using natural ventilation - opening windows, (in cooler weather windows are opened enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space). Opening internal doors can also assist with creating a throughput of air. • Where possible and safe to do so (bearing in mind fire safety and safeguarding), doors are propped open to limit use of door handles and aid ventilation. • Staff prop designated doors open in the morning before children arrive. • The academy's ventilation system will be used in accordance with HSE guidance - link and CIBSE guidance – link. • Where mechanical ventilation is in place this is adjusted to increase the ventilation rate wherever possible, and checked to confirm that normal operation meets current guidance (if possible, systems should be adjusted to full fresh air or, if not, then systems should be operated as normal as long as they are within a single room and supplemented by an outdoor air supply). • Where windows cannot open due to mechanical failure – report to David Waters / Tracey Parton / Mandy Smith • To balance the need for increased ventilation while maintaining a comfortable temperature, the following measures are used as appropriate to the facilities in each room: <ul style="list-style-type: none"> - opening high level windows in preference to low level to reduce draughts 	Windows / doors where appropriate to be open. Regular 'blasts' of air where 2 doors are open to completely facilitate clean air		

		<ul style="list-style-type: none"> - increasing the ventilation while spaces are unoccupied (e.g. between classes, during break and lunch, when a room is unused) - providing flexibility to allow additional, suitable indoor clothing. For more information see school uniform - rearranging furniture where possible to avoid direct drafts <ul style="list-style-type: none"> • Heating used as necessary to ensure comfort levels are maintained particularly in occupied spaces. • Information provided via the following link to government guidance regarding using ventilation to reduce the spread of C19 – ventilation link. 			
<p>1.6 Staff / pupils who become unwell with C19 symptoms or confirmed COVID-19</p>	<p>Staff Pupils Visitors</p>	<p>Staff are encourage to participate in the Lateral Flow Test programme, the academy follows government and SCC guidance for managing LFT testing and has a separate risk assessment for this</p> <p>Individuals must stay at home if they</p> <ul style="list-style-type: none"> • Have virus symptoms or live with someone who does • Have tested positive even if asymptomatic • Has been advised by NHS track & trace to do so • Are required to self-isolate for travel-related reasons <p>The academy ensures that staff members and parents/carers understand that they will need to be ready and willing to:</p> <ul style="list-style-type: none"> • book a PCR test if they or their child are displaying one or more of the corona virus symptoms. Staff and pupils must not come into the school if they have symptoms and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit. 	<p>LFT tests are available in Heads office. Tests recommended Sunday and Wednesday Staff must inform Mandy Smith of results LFT training completed by staff</p>		

		<ul style="list-style-type: none"> • provide details of anyone they or their child have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace • self-isolate if they have been in close contact with someone who tests positive for coronavirus (COVID-19), or if anyone in their household develops symptoms of coronavirus (COVID-19) • Engage with the NHS test and trace process <p>If someone with symptoms tests negative for coronavirus (COVID-19), the result means the test did not find COVID-19 at the time the test was taken.</p> <p>If you have a negative test result, you can stop isolating as long as:</p> <ul style="list-style-type: none"> • you are well • no-one else in your household has symptoms • if anyone else in your household has symptoms they have also received a negative test result • you have not been advised to self-isolate by NHS Test and Trace • you have not arrived into the UK from a non-exempt country within the last 10 days <p>Anyone in your household who is isolating because of your symptoms can also stop isolating.</p> <p>The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 days from the date of that contact.</p> <p>If your test result is negative but you still have symptoms, you may have another virus such as a cold or flu. You should stay at home until you feel well. Seek medical attention if you are concerned about your symptoms.</p>			
--	--	--	--	--	--

		<p>If you have COVID-19 symptoms or have received a positive test result – Immediately cease to attend school and not attend for at least 10 days from the day after:</p> <ul style="list-style-type: none">• the start of their symptoms• the test date if they did not have any symptoms but have had a positive test whether this was a Lateral flow Device (LFD) or Polymerase Chain Reaction (PCR) test <p>Anyone who tests positive via a lateral flow test will be sent home (if the test was undertaken in school) and begin the self isolation period of 10 days</p> <p>Other members of their household (including any siblings and members of their support or childcare bubble if they have one) should self-isolate. Their isolation period includes the day symptoms started for the first person in their household, or the day their test was taken if they did not have symptoms while self isolating they will need to restart the 10 day isolation period and book a test. If anyone tests positive whilst not experiencing symptoms but develop symptoms during the isolation period, they must restart the 10 day isolation period from the day they developed symptoms.</p> <p>If you do not have symptoms but have tested positive for COVID-19, stay at home and self-isolate for 10 days from the day the test was taken. If you develop symptoms after your test, restart your 10-day isolation period from the day the symptoms start.</p> <p>https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection</p> <p>If you live in the same household as someone with COVID-19 - stay at home for 10 days. The 10-day period starts from the day the first person in your house developed symptoms or, if they do not have symptoms, from the day their test was taken.</p>			
--	--	--	--	--	--

If you develop symptoms and your test result is positive, follow the same advice for people with COVID-19 to stay at home and self-isolate for 10 days from when your symptoms started, regardless of where you are in your 10-day period.

Anyone who tests positive via a lateral flow test will be sent home (if the test was undertaken at school) will stay at home (if the test was taken at home) and begin the self isolation period of 10 days. Other members of the household must also isolate.

Staffordshire will be increasing the testing of residents in a bid to identify more cases of COVID-19 and reduce the spread of infection and have expanded their advice around when to get a test.

SCC are asking residents in Staffordshire to consider getting tested as a precaution if they have other symptoms such as:

- Headaches
- Aches and pains
- Feeling very tired for no good reason
- Sore throat
- Runny nose
- Sneezing
- Sometimes 'tummy ache' in children

People with any of these symptoms can carry on going to school or work if they are well enough to do so and only need to self-isolate if the test comes back positive.

Managing confirmed cases:

- The academy will contact their local health protection team.
- The HPT will carry out a rapid risk assessment to confirm who has been in close contact with the person during the period that they were infectious.
- The HPT will work with the academy to guide them through the actions they need to take. Based on the advice from the HPT, the academy must send home those people who have been in close

		<p>contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious. Close contact means:</p> <ul style="list-style-type: none"> - Face to face contact including being coughed on or having a conversation within 1 metre - Been within 1 metre for 1 minute or longer without face to face contact including traveling within the same vehicle - Been within 2 metres of some for more than 15 minutes for once occasion or accumulating throughout the day - Living in the same household as someone with C19 symptoms or who has tested positive via either LFT or PCR tests - direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin) - proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual - travelling in a small vehicle, like a car, with an infected person • The academy keeps a (proportionate) record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups. • A template letter will be provided to the academy on the advice of the HPT, to send to parents and staff if needed. • The academy will not share the names or details of people with coronavirus (COVID-19) unless essential to protect others. • The academy will not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation. • Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops 			
--	--	---	--	--	--

		<p>symptoms, or if told to self-isolate by Track & trace or HPT. If someone in a class or group that has been asked to self-isolate develops symptoms themselves within their 10-day isolation period they should follow guidance for households with possible or confirmed coronavirus (COVID-19) infection. They should get a test, and:</p> <ul style="list-style-type: none"> • If negative remain in isolation for remainder of 10 days period (as can still develop Covid 19) • If positive, inform school and isolate from the day of the onset of symptoms for 10 full days • Their household should self-isolate from when symptomatic person first has symptoms and for 10 days • Academy staff undertake LFT testing twice weekly all those taking tests report results in a timely manner. If positive follow self-isolation guidance • Asymptomatic testing program does not replace the current testing policy for those with symptoms. Anyone with symptoms (even with a negative LFT result should self isolate) If with symptoms take a PCR test at a test site <ul style="list-style-type: none"> ○ If someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period. This is because they could still develop coronavirus (COVID-19) within the remaining days. ○ If the test result is positive, they should inform their setting immediately, and should isolate for at least 10 days from the onset of their symptoms (which could mean the self-isolation ends before or after the original 10-day isolation period). Their household should self-isolate for at least 10 days from when the symptomatic person first had symptoms, following guidance for 	<p>Staff to report to Mandy Smith</p>		
--	--	--	---------------------------------------	--	--

		households with possible or confirmed coronavirus (COVID-19) infection			
1.7 Staff / pupils / visitors who become unwell with COVID-19 symptoms or confirmed C19 whilst on site	Staff Pupils Visitors	<p>Example control measures may include:</p> <ul style="list-style-type: none"> • If a child or staff member develops symptoms (new continuous cough, temperature, anosmia) whilst at school, they must immediately inform School Office • Anyone who develops C19 symptoms during the school day must be sent home Public transport must not be used • In an emergency, the academy will call 999 if a person is seriously ill or injured or their life is at risk. • If staff members become unwell at school, they will return home, their emergency contact will be notified. If they are too unwell to drive, their emergency contact will be asked to collect them and the staff member will wait in the designated isolation room which is Headteachers Office • Pupils will await collection from a parent / carer in the designated room which is Headteachers office in isolation, as far as is reasonably practicable without compromising the safety of the pupil. • This room should be behind a closed door (where possible) and with appropriate adult supervision. Ideally, a window should be opened for ventilation. • If it is not possible to isolate the individual, move them to an area which is at least 2 metres away from other people, and ensure that others do not access this area, especially those who are vulnerable. • Remove soft resources from the isolation room / area, prior to use. • If the individual needs to go to the bathroom while waiting to be collected, they will use a separate bathroom (where possible) which should be thoroughly cleaned and disinfected before being used by anyone else. (Bathroom to be signed as closed after use and during deep cleaning). • PPE worn by staff caring for the child while they await collection, and if a distance of 2 metres cannot be maintained (such as for a very young child or a child with complex needs) • If contact is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask are worn by the 	E.g. Academies may provide further detail regarding their management of C19 cases as relevant to the risk assessment		

		<p>supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn.</p> <ul style="list-style-type: none"> • The room used for isolation will be signed as out of use and thoroughly disinfected in accordance with the Covid 19 cleaning of non-healthcare stings guidance • Staff wash their hands thoroughly for 20 seconds after any contact with someone who is unwell. • Those wearing PPE to receive training in how to put it on and remove it safely. PPE is located Headteachers Office, Classrooms, Staffroom • PHE advise that routinely taking the temperature of pupils is not recommended as this is an unreliable method of identifying COVID-19. • Test and trace service information provided as - https://www.gov.uk/guidance/nhs-test-and-trace-how-it-works • Test and trace privacy information provided - https://www.gov.uk/government/publications/coronavirus-covid-19-testing-privacy-information/testing-for-coronavirus-privacy-information-quick-read • The academy asks parents and staff to inform them immediately of the results of a test. • Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless: <ul style="list-style-type: none"> ○ the symptomatic person subsequently tests positive ○ they develop symptoms themselves (in which case, they should arrange to have a test) ○ they are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated) ○ they have tested positive from a LFD test ○ All Staff and parents / pupils are aware of this process 			
--	--	--	--	--	--

**2. Vulnerable Children and Staff
Visitors to the Academy**

<p>2.1 Clinically extremely vulnerable staff and pupils</p>	<p>Staff and children who are clinically extremely vulnerable - high risk of adverse health effects if COVID-19 is contracted</p>	<p>Staff</p> <ul style="list-style-type: none"> • Employees who are clinically extremely vulnerable work from home until at least 31st March 2021 • Individuals in this group will have been identified through a letter from the NHS or from their GP and may have been advised to shield in the past, most recently in November 2020. • Employees are provided with home working DSE assessments and risk management information. The home working policy can be found on the website. Actions arising from the home working DSE assessment are considered and control measures implemented as required / practicable. • All other staff can continue to attend work, where working from home is not possible including those living in a household with someone who is clinically extremely vulnerable (or clinically vulnerable) unless advised otherwise by an individual letter from the NHS or a specialist doctor. • New staff are inducted to safety measures implemented by the academy to control the risks of COVID-19 and are advised to inform designated person if they fall into the clinically extremely vulnerable category so that home working can be facilitated. • If a staff member or child lives in a household with someone who is clinically extremely vulnerable, as set out in the guidance for staying alert and safe (social distancing), they should do what they can to support the clinically extremely vulnerable individual to stay safe. <p>Children</p> <ul style="list-style-type: none"> • Shielding advice is currently in place; all children still deemed clinically extremely vulnerable do not attend school. • Children who live with someone who is clinically extremely vulnerable, but who are not clinically extremely vulnerable themselves, can still attend education if they are considered a vulnerable child or child of a key worker. • Parents are informed to notify the academy if their child falls into the CEV category on admission and if they become aware that a 			
--	---	--	--	--	--

		<p>child falls into this category through their school career at the academy.</p> <p>https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19</p>			
2.2 Clinically vulnerable staff and pupils	<p>Staff and children who are clinically vulnerable - higher risk of adverse health effects if COVID-19 is contracted</p>	<p>Clinically vulnerable staff (including BAME staff)</p> <ul style="list-style-type: none"> • Clinically vulnerable (but not clinically extremely vulnerable) staff will be supported in the academy by an individual risk assessment, detailed proportionate and robust control measures. Where they cannot work from home • CV staff are advised to take particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing. Ideally, adults should maintain 2 metre distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. • Some people with particular characteristics may be at comparatively increased risk from COVID-19. If individuals with significant risk factors are concerned, the academy will discuss staff concerns and explain the measures the academy is putting in place to reduce risks. • Follow the guidance on staying alert and safe (social distancing) and staying safe outside the home including appropriate use of face coverings for the general public and clinically vulnerable people, including pregnant women. • CV employees may be supported to work from home or to change alter their working arrangement during this time, where possible, to reduce the risk of transmission. This will be determined through risk assessment. <p>Pregnant staff (clinically vulnerable)</p> <ul style="list-style-type: none"> • All pregnant women should take particular care to practise frequent thorough hand washing, and cleaning of frequently touched areas in their home or workspace, and follow the measures set out in the system of controls detailed in this risk assessment to minimise the risks of transmission. 			

		<ul style="list-style-type: none"> • The government guidance for pregnant employees is followed and a risk assessment is implemented for pregnant staff who can not work from home • Individual risk assessments will be implemented and regularly reviewed for pregnant staff members. Control measures will include COVID-19 control measures. • Further guidance is provided to support the risk assessment via guidance and advice on coronavirus (COVID-19) and pregnancy from the Royal College of Gynaecologists and the academy bases risk assessments on this guidance. • Pregnant women should follow the latest government guidance on staying alert and safe (social distancing) and avoid anyone who has symptoms suggestive of coronavirus. • Risk assessments will consider the government guidance for pregnant employees - https://www.gov.uk/government/publications/coronavirus-covid-19-advice-for-pregnant-employees/coronavirus-covid-19-advice-for-pregnant-employees • Pregnant employees may be supported to work from home or to change alter their working arrangement during this time, where possible, to reduce the risk of transmission. This will be determined through risk assessment. <p>General control measures also include:</p> <ul style="list-style-type: none"> • Keep mobile and hydrated to reduce the risk of blood clots in pregnancy • Stay active with regular exercise, a healthy balanced diet, and folic acid and vitamin D supplementation to help support a healthy pregnancy • Attend all of your pregnancy scans and antenatal appointments unless you are advised not to • Contact your maternity team if you have concerns about the wellbeing of yourself or your unborn baby • More information on pregnancy and coronavirus is available on the NHS website. <p>Clinically vulnerable children (including BAME children)</p>			
--	--	---	--	--	--

		<ul style="list-style-type: none">• For children who fall into the clinically vulnerable category, parents are informed that they should follow medical advice if their child is in this category.• Parents will inform the academy of medical advice provided for the child and the child will be supported by an individual risk assessment as required. <p>Further control measures</p> <ul style="list-style-type: none">• CV staff will be supported to work from home where ever possible during the current times• CV staff and pupils will be supported to work / learn from home as much as possible during this current time.• PPE will be available to support staff whose role involves direct support to pupils, for example, first aid, intimate care, care and supervision of a child with symptoms. CV staff will avoid close contact with pupils as far as is reasonably practicable.• The academy will follow Government and HR guidance in relation to supporting individuals who are vulnerable.• New staff are inducted to safety measures implemented by the academy to control the risks of COVID-19 and are advised to inform designated person if they fall into the clinically vulnerable or vulnerable category so that a risk assessment can be implemented.• Those who fall into the clinically extremely vulnerable or vulnerable category over their course of employment should inform the designated person once they become aware.• Parents are informed to notify the academy if their child falls into the CV category on admission and if they become aware that a child falls into this category through their school career at the academy.• Those attending the academy are advised to travel by walking or cycling if they can. For longer journeys, or if they are unable to walk or cycle, try to minimise the number of people they come into close contact with. Travelling by car is likely to mean fewer social contacts than travelling by public transport but avoid sharing a car with people outside of your immediate household or support bubble.			
--	--	--	--	--	--

		<ul style="list-style-type: none"> The academy recognises that some individuals are more vulnerable to adverse impacts if they contact C19. The academy discusses staff concerns and implements further risk assessment and control measures as required 			
<p>2.3 Vulnerable children and those with complex needs</p> <p>Close contact with staff members – social distancing not adhered to</p> <p>Risk of respiratory hygiene requirements not being adhered to</p>	<p>Staff and pupils coming into contact with those who are vulnerable</p>	<p>EHCPs and Individual Risk Assessments</p> <ul style="list-style-type: none"> Children with an EHCP to have an EHC Plan risk mitigation form in place. Those attending the academy with complex needs but who don't have an EHC Plan have an individual risk assessment in place. Staff who interact with these children have a copy of the EHC Plan / individual risk assessment. SENCO available to support as required. Pupils who use saliva as a sensory stimulant or who struggle with 'catch it, biun it, kill it' are provided with more oppourtunites for hand washing The academy follows most up to date government guidance regarding caring for vulnerable children and SEND risk assessment guidance – link. Academy is aware that there may be additional pupils, including those with SEND, who display symptoms of stress or anxiety and additional support may be needed for them. Support provided on individual need, taking into consideration the risk assessment and EHCP. Individual risk assessments will include the control measures where children are exposed to additional risks from the COVID-19 safety processes (e.g. leaving doors open for ventilation purposes). Individual risk assessments will be reviewed regularly and discussions will take place with parents during the review period. There are clear safety procedures in place for each pupil with regards to essential visitors such as educational psychologists, CAMHS, behavioural support. Support may take place remotely during this period in time. Pupils are supported to maintain standards of respiratory hygiene and hand washing. <p>Supporting pupils with physical needs:</p>	<p>ELSA support available with Mrs Nicky Walker</p>		

		<ul style="list-style-type: none"> • Wherever possible, physical contact and working in close proximity should be kept to a minimum. • PPE is worn by staff where required to enable them to safely provide support, in accordance with the child's individual needs. The PPE will be dependent on the nature of the support provided and the proximity. • Staff wash hands thoroughly before and after supporting a child. • Ensure regular sanitisation of mobility aids and other such resources, such as walkers. • Permit access to physiotherapists and other relevant outside agencies as required, maintain respiratory hygiene and hand washing measures. This may be undertaken remotely where the nature of the visit permits. • Individual risk assessment to be adapted to include specific control measures for individuals in accordance with their exact physical needs. • The academy's procedures and risk assessments for delivering care of this nature are reviewed regularly. • There are policies in place for delivering intimate care and supporting children with medical conditions, which can be accessed via the website. • Staff are adequately trained in providing this support. <p>Intimate Care</p> <ul style="list-style-type: none"> • Wherever possible, staff to encourage children to undertake self-care and staff supervise as necessary in accordance with safeguarding and intimate care policies. • If contact is necessary, then PPE is available for staff including: disposable gloves, a disposable apron and a fluid-resistant surgical face mask to be worn as required for care to be provided. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn. • Once completed all disposable protective equipment should be disposed of and hands should be thoroughly washed by the staff member and child for at least 20 seconds after PPE has been removed. 	<p>3 children, please refer to individual plans</p>		
--	--	--	---	--	--

		<ul style="list-style-type: none"> • Care to be undertaken in a facility which is local to handwashing facilities, or should as a minimum provide sanitiser which the staff member will use before accessing handwashing facilities. • The area in which the care has been undertaken to be sanitised immediately following use. • Waste to be disposed of in accordance with the infection control policy and risk assessments. • The academy also follows guidance on supporting pupils at school with medical conditions 			
2.4 Restrictive physical intervention – close contact of staff and pupils subject to RPI increases the risk of transmission	Staff and pupils involved in the intervention	<ul style="list-style-type: none"> ○ Review behaviour management plans regularly. Establish clear guidelines with staff for prevention and then de-escalation strategies as much as possible to negate the need for RPI. ○ Plans consider behaviour triggers and earlier de-escalation solutions including working with smaller groups to permit and support management and spot these earlier too. ○ RPI to be used in accordance with the policy and where there is no alternative to maintain the safety of the child / staff member / others in the vicinity. ○ Staff providing RPI are trained to do so. ○ If non-symptomatic children present behaviours which may increase the risk of droplet transmission (such as biting, licking, kissing or spitting) or require care that cannot be provided without close hands-on contact, they should continue to receive care in the same way, including the existing routine use of PPE. ○ Issues will be specific to each child or young person and individual responses will be required therefore the academy reviews and updates existing risk assessments. 			
2.5 Visitors to school increases the risk of transmission	Staff Pupils Visitors	<ul style="list-style-type: none"> • The academy restricts all visits to the setting to those that are absolutely necessary. Including the suspension of some parent and carer visits. • Arrangements in place for any visitors/ contractors on site, protocols and expectations shared with those attending site • No visitors permitted where they are symptomatic – visitors are asked on arrival. Posters displayed in reception as a reminder and visitors questioned on arrival. • Meetings are held virtually as far as possible. ○ Peripatetic teachers and/or other temporary staff can move between schools however; the academy continues to minimise 	Face coverings must be worn by all	Contact details are taken of all visitors (Track & Trace)	

		<p>visitors to the setting as far as possible. They should ensure they minimise contact and maintain as much distance as possible from other staff. Temporary staff are informed of academy hygiene and social distancing arrangements, and further relevant COVID-19 risk management measures.</p> <ul style="list-style-type: none"> ○ Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions but with relevant C19 safety measures in place. ○ Visitors to the site are informed of physical distancing and hygiene measures on or before arrival. ○ Where visits can happen outside of school hours, they do. ○ A record is kept of all visitors to support the NHS test & trace programme ○ Arrangements in place for any externally employed adults delivering learning in school e.g. sports coaches, music tutors, forest school leaders. Protocols and safety expectations shared on or before arrival. ○ Where relevant, visitors are asked for their own COVID-19 safety risk assessments, such as agencies delivering services to the academy and contractors. Contractors will visit out of hours where possible ○ Arrangements in place for contractors visiting to undertake key works such as statutory compliance. COVID-19 safety measures should be documented as part of the risk assessment carried out by the Contractor. ○ Staff to report concerns with contractors and visitors according to the usual procedures (H&S Policy). ○ Visitors working closely with children wear PPE where risk assessment deems it necessary. ○ Visitors make drinks and put their cups in the dishwasher / washing up, wiping down surfaces with anti-bacterial agents after doing so. Visitors are encouraged to bring their own refreshments. ○ Meetings with visitors take place in locations where social distancing can be permitted. Meeting spaces are cleaned thoroughly following use. ○ Where a child attends more than one setting on a part time basis the academy works collaboratively with the other setting to implement the appropriate control measures 			
--	--	---	--	--	--

		<ul style="list-style-type: none"> ○ The academy has a flexible approach to interviews and implements alternative options to face to face interviewing where possible for example interviewing via MS teams, Safer recruitment practice and KCSIE 2020 guidance is followed ○ Individual's attending site follow the academy's system of controls including wearing face coverings ○ Local immunisation providers provide routine immunisation programmes on site, delivered in keeping with the school's control measures 			
<p>2.6 Safeguarding risks for all children attending school</p> <p>Risks relating to remote learning</p>	<p>Staff Pupils</p>	<ul style="list-style-type: none"> ● Safeguarding arrangements and procedures in place from September 2020, in accordance with KCSIE 2020 guidance. ● Safeguarding provision reviewed to support children who are learning remotely and those who are returning to school following an isolation period (e.g. where new issues have arisen, or existing ones escalated). Necessary changes and referrals considered. ● Behaviour rules reviewed and communicated to staff, parents, pupils. ● Stringent safeguarding provision in place for vulnerable children and continues. ● Staffing ratios are proportionate and appropriate for the number of children attending school. ● Safeguarding policies and procedures are accessible to all staff at all times and are located on the website / staff shared drive. ● Designated Safeguarding Lead and/or Deputy Safeguarding Lead is on site and contactable at all times and staff and children are informed of who safeguarding leads are. ● First Response is contactable by 0800 1313 126 or out of hours- 0345 604 2886. ● The academy follows government guidance regarding vulnerable children, including COVID-19 specific guidance. ● Where vulnerable children do not attend school, the academy works with the LA and social worker (where applicable) to discuss the child's circumstances, provide support and encourage attendance where appropriate ● The academy regularly reviews support in place for vulnerable pupils, considering anyone who may be newly vulnerable and whether on site attendance would be beneficial 	<p>Families are called by teaching staff / headteacher all calls are logged</p> <p>Staff rota in place to help minimise exposure</p>		

- The academy has systems for checking, daily, whether pupils are engaging with their work and work with families to identify effective solutions where engagement is a concern, [where pupils are learning remotely](#)
- E-safety policy is accessible on the website.
- Safeguarding online continues, including checking apps, websites and search results before using them with children and supervising children when using the internet, talk to children about safe use of the online environment and ensure safety modes and filters are applied.
- Parents provided with resources for children to use at home, including safe internet links to resources, which have been pre checked. Parents provided with information regarding working safely online.
- Staff trained in how to ensure online safety (training also available on the National College).
- The National Cyber Security Centre offers guidance on [which video conference service is right for you](#) and [using video conferencing services securely](#)
- [Safeguarding and remote education during coronavirus \(COVID-19\)](#), as well as statutory guidance on online safety [keeping children safe in education](#).
- Virtual meetings policy in place.
- Staff, parents and children are receive information regarding expectations, requirement and conduct for remote learning.
- Remote learning guidance cab be found:
 - [safe remote learning](#), published by SWGfL
 - [online safety and safeguarding](#), published by LGfL, which covers safe remote learning
 - the National Cyber Security Centre, which includes [which video conference service is right for you](#) and [using video conferencing services securely](#)
 - [safeguarding and remote education during coronavirus \(COVID-19\)](#)
 - annex C of [keeping children safe in education](#)

**3. First Aid
Cleaning Bodily Fluids**

Disposal of Waste

3.1 Delivery of first aid to ill / injured staff / pupils requires close contact	Staff / pupils involved in first aid delivery	<p>Example control measures may include:</p> <ul style="list-style-type: none"> • First aid needs assessment to be revised as required and establish the levels of first aid staff needed. • At least one qualified first aider to be on site at all times (first aid at work and paediatric). • PPE to be worn by the staff member as required according to the nature of the illness /injury. This may include: disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the staff member. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn. • First aid to be undertaken in a facility which is local to handwashing facilities, or should as a minimum provide sanitiser which the staff member will use before accessing handwashing facilities. • The area in which the first aid has been undertaken to be sanitised immediately following use. • Waste to be disposed of in accordance with the infection control policy and risk assessments. • Accidents and incidents to be reported in accordance with the usual guidance, using the My Health and Safety system as required, according to the nature of the accident / incident. • Hands must be washed with soap and water for at least 20 seconds after PPE has been removed. • Staff are trained in the correct 'donning and doffing' of PPE. PPE is available for use in each room where this may be required. This extends beyond first aid rooms and is provided in classrooms and offices too. • Use a face shield for resuscitation. Academy ensures face shields are in stock. Guidance on CPR from from resuscitation council uk 	<p>E.g. Academies may provide further detail regarding the delivery of first aid.</p>		
3.2 Cleaning of bodily fluids requires close contact with the fluid / potential splashing / contamination	Staff member undertaking the cleaning and those	<p>Example control measures may include:</p> <ul style="list-style-type: none"> • Pupils are regularly reminded to catch coughs and sneezes with a tissue / elbow. Where pupils are unable or less able to do this, PPE will be available for cleaning. • According to the nature of the issue, PPE will be worn. This may include: isposable gloves, a disposable apron and a fluid-resistant 	<p>E.g. Academies may provide further detail regarding the cleaning of bodily fluids.</p>		

	in the vicinity	<p>surgical face mask worn by the staff member. If there is a risk of splashing to the eyes, then eye protection should also be worn.</p> <ul style="list-style-type: none"> • Area in question to be cordoned and access by those not undertaking cleaning activities is to be prevented. • Cleaning materials to be disposed of in accordance with the risk assessments and infection control policy. • Surfaces, resources and touch points are cleaned regularly throughout the day but will be subject to an additional clean where there is a risk of contamination from body fluids. • Follow government guidance for the decontamination of non-healthcare settings - https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings/covid-19-decontamination-in-non-healthcare-settings • Hands must be washed with soap and water for at least 20 seconds after PPE has been removed. • Information on cleaning and disinfection can be found - https://www.staffordshire.gov.uk/secure/Schools/Health-and-Safety/Health-and-Safety/Procedures/Health/Diarrhoea-and-Vomiting/Community-outbreaks-of-Diarrhoea-and-Vomiting-DV.aspx • Infection control information including a film for staff to watch is also available on the SLN - https://www.staffordshire.gov.uk/secure/Schools/Health-and-Safety/Health-and-Safety/Procedures/Health/Communicable-Diseases/Communicable-Diseases-and-Infection-Control.aspx 			
3.3 Collection and disposal of waste brings staff into contact with potentially infectious waste	Staff undertaking disposals and those in the vicinity	<p>Example control measures may include:</p> <p>Waste disposal for possible COVID-19 materials (government guidance):</p> <p>Waste from possible COVID-19 cases and cleaning of areas where possible cases have been (including disposable cloths and tissues):</p> <ul style="list-style-type: none"> • To be put in a plastic rubbish bag and tied when full. • The plastic bag should then be placed in a second bin bag and tied. 	E.g. Academies may provide further detail regarding waste disposal routes and arrangements.		

		<ul style="list-style-type: none">• It should be put in a suitable and secure place and marked for storage until the individual's test results are known.• Waste to be stored safely and kept away from children. You should not put your waste in communal waste areas until negative test results are known or the waste has been stored for at least 72 hours:• If the individual tests negative, this can be put in with the normal waste.• If the individual tests positive, then store it for at least 72 hours and put in with the normal waste (check for any additional requirements from the waste carrier).• Where storage for at least 72 hours is not appropriate, arrange for collection as a Category B infectious waste either by your local waste collection authority if they currently collect your waste or otherwise by a specialist clinical waste contractor. They will supply you with orange clinical waste bags for you to place your bags into so the waste can be sent for appropriate treatment.• Wear appropriate PPE during cleaning and disposal. Hands must be washed with soap and water for at least 20 seconds after PPE has been removed.• Change gloves before proceeding to take the waste to the correct receptacle due to the risk of transference to touch points such as door handles.• Ensure waste is appropriately stored and not accessible to others. <p>Waste disposal for non COVID-19 materials:</p> <ul style="list-style-type: none">• Follow the infection control policy and associated risk assessments.• Wear appropriate PPE during cleaning and disposal. Hands must be washed with soap and water for at least 20 seconds after PPE has been removed.			
--	--	--	--	--	--

		<ul style="list-style-type: none"> • Change gloves before proceeding to take the waste to the correct receptacle due to contact with touch points. <p>Waste Segregation:</p> <ul style="list-style-type: none"> • All wastes produced must be placed in appropriately coloured / labelled bag. • Each bag must be filled to no more than two thirds capacity. • Each bag must be securely fastened with adhesive tape or plastic security grips to prevent risks of spillage of contents. • Bins to be sanitised regularly throughout the day or have pedals. <p>Those wearing PPE to receive training in how to remove it safely.</p>			
4. Site Safety					
<p>4.1 Fire safety and evacuation</p> <p>High traffic on evacuation routes</p> <p>Non adherence to social distancing in an emergency</p>	<p>Staff Pupils Visitors</p>	<ul style="list-style-type: none"> • Adjustments made to the fire evacuation procedure as necessary. This is communicated to staff and pupils – fire evacuation to be practised each term. • Register of pupils and staff to be completed daily and a copy given to the staff members on duty, for registration following emergency evacuation. • Fire marshal(s) to be on site during hours of occupation. Staff are clear regarding their designated roles during evacuation. • Personal emergency evacuation plans / individual risk assessments include measures for emergency evacuation of vulnerable individuals are in place and communicated to those on site who need to be aware of the control measures and methods of evacuation. • All fire doors and internal doors should be fully closed to prevent any spread of fire. Staff to open required doors upon reoccupation of the building. • All fire doors are operational, the fire alarm and emergency lighting systems have also been tested and are fully operational • All building occupants to use their nearest available exit and evacuate as quickly as possible in a calm and quiet manner. Safe and prompt evacuation to be prioritised over social distancing. • Staff supporting pupils to evacuate (for example, those in close proximity) will be provided with PPE as required. 			

		<ul style="list-style-type: none"> Sanitisation of touch points and evacuation equipment takes place once it is safe to re-enter the building. Fire Safety management plans and RA's regularly reviewed to reflect changes in occupancy and practice 			
<p>4.2 Security of Site and Building</p> <p>Internal statutory compliance tasks</p> <p>Contractors on site for essential works such as statutory compliance</p>	<p>Staff Pupils Visitors</p>	<ul style="list-style-type: none"> Designated entrances and exits to be used (other than for emergency evacuation where all available exits must be used). Doors may be propped open (where this adheres to fire safety and safeguarding requirements). Those doors which pose a safeguarding risk if propped open e.g. those which exit by a car park or main road to continue to be made secure. Ensure that any planned service or testing schedules continue accordingly in order to maintain statutory compliance. Academy ensures all required testing has taken place prior in accordance with premises checklists and government guidance. All checks have been complied with and urgent points to action are addressed. DFE guidance has been consulted and the following areas have been deemed safe: <ol style="list-style-type: none"> Hot and cold water systems Gas safety Fire safety Kitchen equipment Specialist equipment use by pupils Security including access control and intruder alarms Ventilation Internal compliance checks such as fire alarm checks and water hygiene checks undertaken as per usual schedules. Defects or issues raised to be actioned. The checks are undertaken satisfactorily, recorded and urgent defects and issues are addressed. All bins and skips are emptied regularly and secured well away from the building and hazardous waste stored and secured appropriately. If visitors are essential, arrangements to ensure safe working must be implemented such as social distancing, hand hygiene, 'catch it, bin it, kill it' guidance. Contractors are informed of site safety and COVID-19 risk management measures through the induction and hazard 	<p>Village Hall Risk Assessment available (Hall out of use during lockdown 3.0)</p> <p>DW Janitor hours are logged</p> <p>Veolia Collection</p>		

		<p>exchange process (and in advance as required). Contractors provide the academy with copies of their own risk management information.</p> <ul style="list-style-type: none"> • Contractors are informed that they are not permitted to attend if they have any symptoms and leave site if it becomes apparent that they do have symptoms. • If symptoms occur, this should be reported by telephone according to the contractor's usual procedures and also immediately to the academy contact via telephone, as opposed to face to face with the site. The work area to be cordoned immediately and deep cleaned (along with touch points around the site). • Staff working on site are made aware of contractor / visitors on site, the visit's working arrangements and therefore supervise children accordingly. • Where contracted staff need access to the building, cleaning staff will be informed to thoroughly clean these areas of the building as part of their daily routine. • No hand shaking with visitors or contractors. • Regular checks made to ensure that air conditioning and ventilation systems do not pose a risk to the spread of COVID-19. • Emerging from lockdown guidance is used 	<p>Track & Trace details are kept in the office</p>		
<p>4.3 Lettings – risk of cross contamination from lettings</p>	<p>Lettings attendees Staff Pupils Visitors</p>	<p>Example control measures may include:</p> <p>The academy may open up or hire out their premises for use by external bodies or organisations, such as external coaches or after-school or holiday clubs or activities. In doing so, the academy ensures that they work with providers to consider how they can operate within their wider protective measures and should also have regard to any other relevant government guidance.</p> <ul style="list-style-type: none"> • The academy carefully considers whether lettings / hire will be appropriate at this time and consider the arrangements they wish to have in place to minimise the risk of exposure to COVID-19. • Where lettings are using outside areas for sporting activities the risk of interaction with academy premises such as touchpoints on gates/doors is assessed and included in lettings risk management documentation. 			

		<ul style="list-style-type: none"> • All lettings follow the guidance in Health and Safety for Lettings, including carrying out and recording the hazard exchange process and implementing specific risk assessments. • Enhanced cleaning and hygiene measures are implemented after a letting. • The academy discusses and records how those letting the premises will manage the risk of Covid-19 for themselves and for the academy community. • Lettings are not permitted during this time unless there is a viable reason for the letting to continue, for example, the letting occupies part of the premises on a long term and full time basis, with a licence in place for use of the premises. 			
5. Arrival to and Departure from the Academy Transport					
5.1 Pick up / drop off of pupils risks overcrowding and risks to transmission	Pupils Staff Parents	<ul style="list-style-type: none"> ○ The academy has a pick up and drop of protocol for parents to support the minimisation of contact. Only one parent can be in attendance. ○ Pick up and drop off times are staggered according to groups. ○ Parents are informed of the pickup and drop off procedures and reminders are provided as required. ○ Parents are reminded not to gather at the gates or come to site without an appointment ○ Markings are provided externally, as is signage, on the entrance route. ○ Different entrances are used for different year groups. ○ Staff supervise pick up and drop offs to ensure that the system in place is utilised appropriately. ○ Parents drop children off and collect them without approaching staff and are informed to keep at a 2 metre distance away from others. ○ Parents wear face coverings when entering the site ○ Parents email / call staff with queries rather than speaking to them whilst on duty during pick up and drop off times. ○ Parents are not permitted to gather at entrance gates or doors, or enter the site unless they have a pre-arranged appointment outside of periods during the day which are of 'high traffic' and this can be conducted safely. ○ The academy encourages walking or cycling to school. 	<p>Parents remain at a distance during lockdown 3.0</p> <p>Staff accompany children from parents</p> <p>Parents reminded face coverings are to be worn</p>		

		<ul style="list-style-type: none"> ○ Keeping facilities and equipment clean - touch points (e.g. handrails and gates) are included in increased cleaning regimes. ○ For staff arriving at the same time, they should continue to maintain social distancing rules. ○ Where possible, staff should avoid arriving at pick up / drop off times ○ Parents are not permitted to enter the building during pick up /drop off times 			
<p>5.2 Use of transport network increases the risk of transmission</p>	<p>Pupils Staff</p>	<p>Example control measures may include: Parents/children are encouraged to walk where possible and to plan ahead and avoid busy times and routes on public transport. This will allow settings to maintain social distancing while travelling.</p> <p>If it is necessary for a childminder to pick up or drop off a child at school and walking is not practical, then a private vehicle for single household use is preferable. Use of public transport should be minimised.</p> <p>Dedicated:</p> <ul style="list-style-type: none"> ○ Where possible this should reflect groups taking school transport by the bubbles that are adopted within school ○ Use of hand sanitiser upon boarding and/or disembarking vehicle ○ Additional cleaning of vehicles is implemented with regular cleaning of touching ○ There is organised queuing and boarding where possible. Vehicle is parked to permit this. ○ Distancing within vehicles is undertaken wherever possible. ○ Families encouraged not to take public transport. ○ The academy will implement travel plans and control measures with transport providers, where relevant. ○ Children aged 11 and over to wear a face covering (other than those exempt - <u>safer travel guidance for passengers</u>). 			

		<ul style="list-style-type: none"> ○ Children must not board home to school transport if they, or a member of their household, has symptoms of coronavirus (COVID-19) ○ children either sit with their 'bubble' on school transport, or with the same constant group of children each day ○ The vehicle is ventilated with fresh air from outside the vehicle through windows and ceiling vents <p>Public:</p> <ul style="list-style-type: none"> ○ The use of public transport, particularly in peak times, should be kept to an absolute minimum. ○ The academy encourages parents, staff and pupils to walk or cycle to school if at all possible. ○ The above control measures must be implemented for public transport use. ○ Staggered start times are implemented where possible. 			
<p>5.3 Staff arrival to and departure from the academy – risk of close contact through similar arrival and departure times</p>	<p>Staff members</p>	<p>Example control measures may include:</p> <ul style="list-style-type: none"> ○ Sanitise personal items on a regular basis, on arrival and departure from the academy. This includes pens and electronic items such as laptops and phone. ○ Clean and wipe down vehicle interior touch points, e.g. steering wheel, gear lever, door handles etc. prior to commencing inward and outward journey. ○ Individuals observe the social distancing rules, including entering and exiting the academy. ○ If there is more than one person arriving or leaving at the same time, which is a strong possibility due to common start and finish times, individuals should keep their distance and enter the building separately, allowing their colleague plenty of time to clear the entrance area. ○ There will be a designated person responsible for ensuring the main doors are wiped regularly throughout the day. ○ If using public transport, follow control measures as above. ○ Staff using public transport may discuss altering working hours to avoid peak times. ○ Staff must not car share where they are not part of the same household/ support bubble 			

6. Subject Delivery

<p>6.1 PE and Sports – use of shared resources, potential for close contact, use of shared areas</p>	<p>Staff and pupils</p>	<p>Example control measures may include:</p> <p>It is important that children continue to remain fit and active and, wherever possible, have the 60 active minutes of daily physical activity recommended by the Chief Medical Officers.</p> <p>The academy has the flexibility to decide how physical education, sport and physical activity will be provided whilst following the measures in their system of controls.</p> <ul style="list-style-type: none"> ○ The academy arranges PE and sports under the following principles: ○ Keep pupils in small consistent groups ○ Equipment used must be thoroughly cleaned between groups ○ Avoid contact sports ○ Prioritise outdoor sports and large indoor spaces used where it is not, maximising natural ventilation flows (through opening windows and doors or using air conditioning systems wherever possible) ○ Where sports take place inside, maximising distance between people and scrupulous attention to cleaning and hygiene ○ Teachers including peripatetic staff, maintain distancing requirements with each group. ○ Avoid situations where distancing requirements are broken; for an example demonstrating partnering work in dancing. ○ Peripatetic staff take efforts to reduce the number of groups taught and locations worked in, to reduce the number of contacts made. <p>The academy can work with external coaches, clubs and organisations for curricular activities where they are satisfied that it is safe to do so and there are satisfactory risk assessments in place for this activity. Where schools are offering extra-curricular activities (that is, before and after school clubs) they should only do so where it is reasonably necessary to support parents to work, search for work, or undertake training or education, or where the provision is being used for the purposes of respite care).</p>	<p>PE currently being taught by staff No external sports coaches during lockdown 3.0</p>		
---	-------------------------	--	---	--	--

		<p>The academy refers to the following guidance:</p> <ul style="list-style-type: none"> ○ Guidance from Sport England ○ Advice from organisations such as the Association for Physical Education and the Youth Sport Trust ○ Guidance from Swim England on school swimming and water safety lessons available at returning to pools guidance documents using changing rooms safely ○ DCMS return to recreational team sport framework ○ There is a PE risk assessment in place which provides C19 safety measures. 			
<p>6.2 Performing arts – use of shared resources, potential for close contact, use of shared areas</p>	<p>Staff and pupils</p>	<p>Example control measures may include:</p> <ul style="list-style-type: none"> ○ Singing, wind and brass instrument playing can be undertaken in line with government and DCMS guidance - working safely during coronavirus (COVID-19): performing arts. ○ The academy minimises contacts and mixing. The academy takes particular care in music, dance and drama lessons to observe social distancing where possible. ○ The academy keeps any background or accompanying music to levels which do not encourage teachers or other performers to raise their voices unduly. Where possible, microphones are used to reduce the need for shouting or prolonged periods of loud speaking or singing. ○ Where possible, individuals do not share microphones. If they are shared, the academy follows the guidance on handling equipment. ○ The academy follows the latest advice in the DCMS performing arts guidance ○ The academy follows the latest advice in the DCMS performing arts guidance, implementing performance events in the lowest risk order as described. If planning an outdoor performance the Academy also gives particular consideration to the guidance on delivering outdoor events. ○ Playing instruments and singing in groups takes place outdoors wherever possible. ○ If indoors, a room with as much space as possible is used, for example, larger rooms; rooms with high ceilings are expected to enable dilution of aerosol transmission, limit the numbers to 			

		<p>account for ventilation of the space and the ability to social distance and ensure good ventilation.</p> <ul style="list-style-type: none"> ○ Singing, wind and brass playing does not take place in larger groups. Where this activity takes place in smaller groups, social distancing is maintained between individuals ○ Pupils positioned back-to-back or side-to-side when playing or singing (rather than face-to-face) ○ Position wind and brass players so that the air from their instrument does not blow into another player. If the activity is face-to-face and without mitigating actions, 2 metres is appropriate. ○ Increased handwashing before and after handling equipment, especially if being used by more than one person. ○ Place name labels on equipment to help identify the designated user. ○ Sharing equipment is avoided where possible, If instruments and equipment have to be shared, the academy disinfects regularly (including any packing cases, handles, props, chairs, microphones and music stands) and between users, following government guidance on cleaning and handling equipment. ○ Instruments should be cleaned by the pupils playing them, where possible. ○ Limit handling of music scores, parts and scripts to the individual using them. ○ In lessons for music, dance and drama, social distancing should be maintained wherever possible; teachers should not provide physical correction. ○ The academy will not host performances with an audience. The academy considers alternatives such as live streaming and recording performances, subject to the usual safeguarding considerations and parental permission. ○ There is a specific risk assessment in place for performing arts. 			
--	--	--	--	--	--

7. Catering

<p>7.1 Catering</p> <p>Contracted / in house catering</p>	<p>Staff / pupils</p> <p>Catering staff</p>	<p>Example control measures may include:</p> <ul style="list-style-type: none"> ● Pupils are supervised during break and lunch times, and when accessing drinking facilities. Pupils are taught and reminded not to share cutlery, cups, drinks or food. ● Disposable items for drinking and eating may be used. 	<p>Catering provided by constructors, Chartwells</p> <p>1 x cook</p>		
---	---	---	--	--	--

<p>Adherence to food hygiene standards</p> <p>Risk of transmission via food delivery</p>		<ul style="list-style-type: none"> • All cutlery and cups are thoroughly cleaned in the dishwasher at high temperatures after use. • Hands are washed before and after eating, for at least 20 seconds. • Children queue for their lunch in accordance with academy distancing procedures and lunch breaks are staggered. • Markings are provided as required OR lunch is brought to the classroom for children to eat at their designated table and tables are sanitised before and after eating. • Surfaces in dining areas are cleaned thoroughly after use and between groups • Families have been asked to provide water bottles for pupils which are sanitised at home at the end of every day. • Risk assessments for the catering provision at the academy are provided by the catering contractor / catering manager. • Food Safety Management System (FSMS) that includes existing food hygiene guidance and HACCP processes is followed. • Frequent handwashing and maintaining good hygiene practices in food preparation and handling areas must be maintained, with hand washing for at least 20 seconds before preparing food / drinks. • Frequently clean and disinfect objects and surfaces that are touched regularly, using standard cleaning products. • The FSA's guidance on good hygiene practices in food preparation and their HACCP processes guidance is intended to ensure staff follow good hygiene practices to prevent the spread of disease to food. Key safety points include being fit for work, washing hands and wearing aprons or other clean clothing as appropriate. The FSA Safe Method checklist allows employers to assess the personal hygiene and fitness to work practices in their workplace. • The World Health Organization (WHO) advises that the likelihood of an infected person contaminating commercial goods is low. The 	<p>1 x lunchtime supervisor Monday & Tuesday 2 x lunchtime supervisors Wednesday, Thursday & Friday</p>		
--	--	--	--	--	--

		<p>risk of catching the virus that causes COVID-19 from a package that has been moved, travelled, and exposed to different conditions and temperature is also very low.</p> <ul style="list-style-type: none"> • Food packaging is not known to present a specific risk, but staff should ensure it is cleaned and handled in line with usual food safety practices. • Cleaning should be in line with food hygiene practice and the environmental controls set out in the business' HACCP. Staff should continue to follow existing risk assessments and safe systems of working. • Arrangements in place for food deliveries. • School kitchens can continue to operate, but must comply with the guidance for food businesses on coronavirus (COVID-19). • Anyone handling food should wash their hands in soap and water (for 20 seconds) crockery/ eating utensils not to be shared clean frequently touched surfaces regularly • For those learning from home, food delivered to home is packaged and hygiene requirements as outlined in this risk assessment are adhered to, or vouchers are provided. • Risk assessments from the catering provider are available. 			
8. Wraparound Provisions Holiday Clubs					
8.1 Risk of increased transmission through crossing of bubbles, shared resources and areas through use of the wraparound provision	Pupils and staff attending the wraparound care	<p>Example control measures may include:</p> <ul style="list-style-type: none"> ○ Provision will operate alongside wider protective measures, including keeping children within their year groups or bubbles where possible. If it is not possible to maintain bubbles being used during the school day then the academy should use small, consistent groups. ○ Consultation is made with regard to guidance produced childcare, available at <u>providers who run community activities, holiday clubs, after-school clubs, tuition and other out-of-school provision for children</u> ○ Each group or bubble should be supervised by at least one staff member 	No Before or After School activities being provided during lockdown 3.0		

		<ul style="list-style-type: none"> ○ Children from different schools must only be grouped together where it is absolutely necessary ○ Parents advised to limit the number of different wraparound providers they access, as far as possible. ○ The academy encourages parents to seek assurance that the providers are carefully considering their own protective measures, and only use those providers that can demonstrate this (where they use a provider outside of the academy). ○ Where the academy hires out their premises for use by external bodies or organisations, such as external coaches or after-school activities, it will work with providers to consider how they can operate within their wider protective measures and should also have regard to any other relevant government guidance. ○ Children accessing the wraparound care are those of essential workers, or vulnerable children. ○ The protective measures outlined in this risk assessment are followed for wraparound care. ○ Additional control measures to be implemented according to the nature of the activity. ○ Parents advised that they must only be using this, where the provision is being offered as part of the school's educational activities (including catch up provision) ○ The provision is as part of their child's efforts to obtain a regulated qualification or meet the entry requirements of an education institution ○ The use of the provision is reasonably necessary to support them to work, seek work, undertake education or training, attend a medical appointment or address medical need or attend a support group ○ The setting has <ul style="list-style-type: none"> ○ At least one person with first aid training ○ At least one person with up-to-date Designated Safeguarding Lead (DSL training) – you may want to consider a deputy DSL to cover if the DSL is unavailable ○ A caretaker or cleaning staff ○ The setting is cleaned thoroughly before and after use, as are any shared resources 			
--	--	---	--	--	--

		<ul style="list-style-type: none"> o The system of controls is adhered to 			
<p>8.2 Risk of increased transmission through crossing of bubbles, shared resources and areas, providers entering the school for holiday clubs or out of school clubs</p>	<p>Pupils and staff attending the clubs / provision</p>	<p>Example control measures may include:</p> <p>The academy (and providers) undertake risk assessments and implement the system of controls set out in the protective measures for holiday clubs and after-school clubs and other out-of-school clubs for children during the coronavirus (COVID-19) outbreak guidance. The academy consults the guidance produced for providers who run community activities, holiday clubs, after-school clubs, tuition and other out-of-school provision for children, as much of this will be useful in planning extra-curricular provision.</p> <p>Decisions on group sizes for holiday clubs are based on:</p> <ul style="list-style-type: none"> • the current government guidance on social distancing and national and local restrictions • the ability of the children in attendance to maintain social distancing • the age of the children in attendance • nature of your activity or provision (for example, static, classroom set-up rather than an activity that requires a range of movement) • the size or layout of the premises <p>As the risk of transmission is considerably lower outdoors, providers who normally run sessions indoors should consider whether they are able to do so safely outside.</p> <p>Where this is not possible, providers who offer classroom-based provision should refer to the guidance for schools for more advice on practical steps that can be taken to implement the control measures outlined above, such as ensuring desks are spaced as far apart as possible, following the below principles:</p> <ul style="list-style-type: none"> • Minimising contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who 			

		<p>have someone in their household who does, or who have been advised by NHS Test & Trace to self-isolate do not attend your setting</p> <ul style="list-style-type: none">• Keeping facilities and equipment clean - touch points (e.g. handrails and gates) should be particular areas of focus for increased cleaning• Using signs, posters and regular reminders to build awareness of good handwashing technique, the need to increase handwashing frequency, avoid touching your face, and to cough or sneeze into your arm rather than your hand• Providing more waste facilities and more frequent rubbish collection• Providing hand sanitiser in multiple locations• using disposable paper towels in handwashing facilities, where possible• Minimising use of portable toilets• Setting clear use and cleaning guidance for toilets to ensure they are kept clean and social distancing is achieved• Use technology to communicate with parents and carers digitally where possible.• Tell children, young people, parents, carers or any visitors, such as suppliers, not to enter your setting if they are displaying any symptoms of coronavirus (COVID-19) (following the COVID-19: guidance for households with possible coronavirus (COVID-19) infection).• Encourage parents to avoid using public transport to get to your setting. Ideally, they should walk or cycle where possible or use a private vehicle (provided they are only travelling with those from within their household).• Reduce contact between parents and carers when dropping off and picking up their children, for example by limiting drop off and pick up to one parent or carer per family and staggering timings.			
--	--	---	--	--	--

		<ul style="list-style-type: none"> • When allocating drop off and collection times to parents, avoid scheduling these during peak hours for public transport. • Tell parents and young people their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use). • Work with parents and carers to consider how best to manage dropping off their children while maintaining physical distancing. • Avoid the need for parents and carers to wait, but where they have to, consider whether physical distancing markings could be used. • Make clear to parents that they cannot gather at entrance gates or doors. • Think about engaging parents and children in education resources such as e-bug and PHE schools resources. • Ensure parents and young people are aware of recommendations on transport to and from education or childcare setting (including avoiding peak times). Read the Coronavirus (COVID-19): safer travel guidance for passengers. • Follow guidance for community facilities https://www.gov.uk/government/publications/covid-19-guidance-for-the-safe-use-of-multi-purpose-community-facilities/covid-19-guidance-for-the-safe-use-of-multi-purpose-community-facilities • Academy to check safety measures by providers using the facilities, prior to the service being delivered. • Facilities to be fully cleaned following use 			
9. Exams					
9.1 Risk of cross contamination through use of a shared area / crossing of bubbles / staff invigilating	Pupils / staff	<p>Example control measures may include:</p> <ul style="list-style-type: none"> • Exam rooms should be kept clean. Frequently touched surfaces (for example, door handles, individual desks) should be cleaned after every exam with the usual cleaning products, including the backs of chairs where candidates may pull chairs out to sit. • Rooms do not need to be left empty between exams, provided they are cleaned properly each time, and ventilated. 	<p>N/A No phonics No KS1 SATS taking place No tests taking place</p>		

- | | | | | | |
|--|--|--|--|--|--|
| | | <ul style="list-style-type: none"> • The guidance for cleaning non-healthcare settings sets out advice on general cleaning and on cleaning settings when there has been a suspected case of coronavirus (COVID-19). • Desks should not be set up face to face. For GCSE, AS and A level exams, the minimum distance in all directions from centre to centre of candidates' chairs must be 1.25 metres, following JCQ's Instructions for Conducting Examinations. This distance is the minimum that must be maintained for students within a group bubble. For VTQ exams, you should follow the guidance specified by the relevant awarding organisation. • All other candidates, whether in different group bubbles, private candidates or those returning to school or college to take exams, should be seated 2 metres apart from each other. These candidates can be seated in the same room. • The exam room will be well ventilated. Good ventilation is important and is maximised wherever possible, for example, opening windows and propping open doors (not fire doors) where safe to do so (bearing in mind safeguarding in particular). • Invigilators may walk up and down aisles between desks, but there must also be points in the room where an invigilator can stand at least 2 metres from the nearest desks and see all the candidates in the room. • Candidates and invigilators do not need to wear face coverings during exams, but they may wear them if they wish to. • Candidates and invigilators wear face coverings in communal areas. • The academy has protocols in place for visitors and temporary staff. Invigilators can move between different schools and colleges. They should minimise contact and maintain as much distance as possible from other staff. Further guidance about supply and peripatetic staff is in the school workforce section of the actions for schools during the coronavirus (COVID-19) outbreak. • The academy uses the same temporary or peripatetic staff as far as possible to reduce the number of additional staff on site. • Before the exams, invigilators are informed what they need to do to minimise contact and maintain as much distance as possible from other staff. | | | |
|--|--|--|--|--|--|

		<ul style="list-style-type: none">• Invigilators may wear gloves when collecting exam scripts from candidates and should wash their hands thoroughly and more frequently than usual and particularly after handling exam papers.• Invigilators and other staff are informed to stand alongside candidates when interacting with them, rather than face to face.• For encounters of over 15 minutes, for example, when scribes, readers or other individuals are supporting candidates, staff maintain a 2 metre distance where possible, for example using a separate room from other candidates. If staff cannot maintain a 2 metre distance, they should avoid close face to face contact and minimise time spent within 1 metre of others. These arrangements may not be possible when working with some candidates who have complex needs, in which case these candidates' educational support should be provided as normal during exams.• If candidates need to leave the exam room and need to be accompanied for more than 15 minutes, staff should maintain a 2 metre distance where possible. If this is not possible, staff should take mitigating measures, such as standing alongside the candidate and considering using a face covering.• The academy will take swift action if they become aware that a candidate entered for the autumn series exams has tested positive for coronavirus (COVID-19). They must follow the guidance outlined in actions for schools during the coronavirus (COVID-19) outbreak• Any candidate with symptoms of coronavirus (COVID-19) must stay at home for 10 days from the onset of symptoms and must not leave their homes.• Candidates will be unable to take exams during their period of isolation. If the candidate is not tested for coronavirus (COVID-19), they must isolate for 10 days from the onset of symptoms.• The academy continues to make reasonable adjustments for candidates with special educational needs and disabilities. JCQ has published supplementary guidance to cover the autumn 2020 exam series.			
--	--	---	--	--	--

		<ul style="list-style-type: none"> The special educational needs coordinator (SENCo) ensures that the access arrangement is still appropriate, practicable and reasonable. 			
10. Mental Health and Wellbeing					
10.1 Communication	Staff Pupils Parents	<ul style="list-style-type: none"> Information shared with staff around new working practices. School procedures are clear for all staff including arrangements to return any furloughed staff. Staff have been consulted regarding the risk assessment; concerns and queries which arise in relation to academy risk management strategy should be raised with designated person. Leaders/managers endeavour to have supportive conversations with employees to discuss concerns and fears as soon as they arise. Early communications with employees such as online meetings and calls used to alleviate fears and allow employees to ask questions. The approach for inducting new starters has been reviewed and updated in line with current situation. Plans shared with the Local Academy Council who are clear on their role in supporting the academy to operate and lead. Communications with parents include risk management measures including social distancing. Pupils are taught about changes to the timetable, social distancing arrangements, staggered start times/breaks/assemblies/home time, hygiene requirements, social distancing. Regular communication and updates are provided for all parties. Children taught about mental wellbeing specific to the current crisis. Staff discuss with children and communicate with parents accordingly. Methods of communication established with parents. Staff have a platform to discuss concerns. Staff provided with breaks during the day and access to welfare facilities. Staff report concerns with travelling to work to their line manager so that a safe travel plan can be agreed with the academy. Guidance and training provided for staff to ensure they can understand and enforce new routines and support pupils understand. 	<p>ELSA work ongoing Wellbeing phone calls regularly made by teaching staff</p>		

		<ul style="list-style-type: none"> • The behaviour policy is reviewed, new measures implemented and a compassionate and proportionate approach is taken to those who exhibit problematic behaviours. • Reviews of team stress and wellbeing risk assessments undertaken as necessary / wellbeing support plan in place for pupils and staff. <p>Pupils:</p> <ul style="list-style-type: none"> • If parents of pupils with significant risk factors are concerned, the academy will discuss their concerns and provide reassurance of the measures they are putting in place to reduce the risk in school. • • Where individuals are self isolating, the academy has systems in place to keep in touch with them, offer pastoral support and check they are able to access education support • Staff support pupils to: Build friendships and social engagement Address and equip pupils to respond to issues linked to coronavirus (COVID-19) Improve their physical and mental wellbeing • The academy provides more focused pastoral support: Support for resilience, mental health and wellbeing including anxiety, bereavement and sleep issues Support for pupils with additional and complex health needs Supporting vulnerable children and keeping children safe 			
10.2 Workload	Staff	<p>Example control measures may include:</p> <ul style="list-style-type: none"> • Staff understand how and where to communicate concerns regarding workload. • Staff encouraged to take regular breaks from their workstation and in accordance with home working guidance and risk assessments. • Staff have access to refreshments. • Staff encouraged to access wellbeing materials online such as the website, SLN, PHE, government website and via email circulations. 			

		<ul style="list-style-type: none"> • Workload shared across staff according to job role and location of work (school or home). • It is important that planning builds in the need to avoid increases in unnecessary and unmanageable workload burdens. This could include a review of existing practices in this respect and schools may wish to draw on DfE's workload reduction toolkit. • Stress and wellbeing risk assessments account for staff workload and include control measures to help mitigate the risks. 			
10.3 Availability of resources and support	Staff Pupils Parents	<p>Example control measures may include:</p> <ul style="list-style-type: none"> • Mental health and wellbeing resources are available via email communications and online resources. Supporting resources provided by SUAT. • The academy regularly reviews mental health, pastoral or wider wellbeing support for children and staff (for example, bereavement support). • Children learning from home have access to and are provided with educational resources from home so that they can continue with their education. Parents are directed to learning resources. • Support provided to leaders from SUAT and EIPs, and the LAC. • Mental health and wellbeing resources and policy on the website and shared with staff, including how to support and manage mental health. • Safeguarding arrangements to remain. • Academy provides information for staff regarding how to get further support and counselling. • PPE provided for staff working in school settings. • Consider support available from staff absence insurance providers, for staff wellbeing. • Staffordshire Learning Net and Government website have resources available to support staff mental health and wellbeing. • HR provider available for support and guidance. • Government released guidance regarding extra mental health support for pupils and teachers - https://www.gov.uk/government/news/extra-mental-health-support-for-pupils-and-teachers?utm_source=6a4d6818-9fb1-4052-b27f-2a182ba79179&utm_medium=email&utm_campaign=govuk-notifications&utm_content=daily. 			

		<ul style="list-style-type: none"> • Staff may wish to access the free MindEd learning platform for professionals, which includes a coronavirus (COVID-19) staff resilience hub with materials on peer support, stress, fear and trauma and bereavement. • Staff advised that it is important to take care of your mind as well as your body and that you get further support if you need it. Follow the advice that works for you in the guidance on how to look after your mental health and wellbeing during COVID-19. • Staff advised to try to focus on the things you can control, such as where you get information from and actions you can take to help you feel prepared. The Every Mind Matters page on anxiety and NHS mental wellbeing audio guides provide further information on how to manage anxiety. • If you're still struggling after several weeks and it's affecting your daily life, contact NHS 111 online. If you have no internet access, you should call NHS 111. • The Education Support Partnership provides a free helpline for school staff and targeted support for mental health and wellbeing. • DfE has also published a range of resources, including case studies to support remote education and help address staff workload, this includes case studies on managing wellbeing. <p>Risk assessments:</p> <ul style="list-style-type: none"> • Individual risk assessments completed as required to support staff and pupils, for mental and physical health. Individual risk assessments provided for staff who fall into vulnerable groups. • Risk assessments are reviewed regularly according to the need and role of the individual. • EHC Plans are in place for children. • Staff aware of how to access support and implement a risk assessment as required. • Named person to oversee wellbeing, planning and monitoring. • Support plan in place which everyone has access to, providing a structure of support and resources which can be used. • Identified key people with personal strengths in supporting pupils who may present with issues/changes in behaviour. • Continue to maintain the good links with families, signposting them to resources they may find helpful.

Annex A: Behaviour principles

In light of the need for children to behave differently when they return to school, and any new systems you have put in place to support that, you'll need to make changes to your behaviour policy. Behaviour policy changes will also need to be communicated to pupils, parents and staff.

Covid 19 – Behaviour Policy can be found on the policies page of our school website

Areas schools may wish to add to their behaviour policy are:

- following any altered routines for arrival or departure
- following school instructions on hygiene, such as handwashing and sanitising
- following instructions on who pupils can socialise with at school
- moving around the school as per specific instructions (for example, one-way systems, out of bounds areas, queuing)
- expectations about sneezing, coughing, tissues and disposal ('catch it, bin it, kill it') and avoiding touching your mouth, nose and eyes with hands
- tell an adult if you are experiencing symptoms of coronavirus (COVID-19)
- rules about sharing any equipment or other items including drinking bottles
- amended expectations about breaks or play times, including where children may or may not play
- use of toilets

- clear rules about coughing or spitting at or towards any other person
- clear rules for pupils at home about conduct in relation to remote education
- rewards and sanction system where appropriate
- Identify any reasonable adjustments that need to be made for students with more challenging behaviour.

Annex B: Principles for staff

1. Do not come to work if you have coronavirus (COVID-19) symptoms, or go home as soon as these develop (informing your manager), and access a test as soon as possible. You can do this by visiting the [NHS website to ask for a test](#) or calling the NHS on 119 if you do not have internet access.
2. Clean your hands more often than usual - with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered.
3. Use the 'catch it, bin it, kill it' approach.
4. Avoid touching your mouth, nose and eyes.
5. Clean frequently touched surfaces often using standard products, such as detergents and bleach.
6. Think about ways to modify your teaching approach to keep a distance from children in your class as much as possible, particularly close face to face support (noting that it's understood that this is not possible at all times, which is why hygiene and hand cleaning is so important).
7. Consider avoiding calling pupils to the front of the class or going to their desk to check on their work if not necessary.
8. Help your class to follow the rules on hand cleaning, not touching their faces, 'catch it, bin it, kill it' etc. including by updating your classrooms displays with posters.
9. Prevent your class from sharing equipment and resources (like stationery).
10. Keep your classroom door and windows open if possible for air flow.
11. Limit the number of children from your class using the toilet at any one time.
12. Limit your contact with other staff members, and don't congregate in shared spaces, especially if they are small rooms.
13. Make sure you've read the school's updated behaviour policy and know what role in it you're being asked to take.
