This document indicates the specific practices and procedures that are used at St Leonard's First School & Nursery with regard to the SUAT Mobile Phone Policy.

These procedures provide guidance on best practice for managing risks associated with mobile phones.

The Statutory Framework for Early Years Foundation Stage Framework (2017) requires settings to have a safeguarding policy which includes the use of mobile telephones and cameras in the setting to minimise the risk of inappropriate sharing of images.

Aims

- To protect children from harm by ensuring appropriate management and use of mobile phones by everyone who comes into school.
- To safeguard children by promoting appropriate and acceptable use of photographic equipment and resources for storing and printing images.
- To ensure that all staff are informed and work together to safeguard and promote positive outcomes for children, and follow a professional conduct agreement.

- Staff are advised to provide the school contact number to their family members and own children's schools/settings for use in the event of an emergency.
- Visitors, including other professionals, contractors and parent/carers will be made aware by signs and verbal reinforcement that they are not to use their mobile phone where children are present, visitors are invited to leave their mobile phones in the school office.
